Middle Level (MID) – Students will talk about themselves and their experiences and practice language for everyday interactions, feelings and emotions.

Advanced Level (ADV) – Students will talk about abstract topics and complex issues in a variety of subjects, including current events, society, history and media. Students should be able to understand radio news and podcasts and read and understand newspaper and magazine articles. Students will expand their vocabulary, improve skills in expressing opinions and in formulating complex ideas. Students may also practice conversing in everyday situations.
