Homemade Skillet Meals

Meals in a bag, otherwise known as skillet meals, are growing in popularity as people strive to eat healthy, yet spend less time in the kitchen. Preparing a “homemade” skillet meal can cost less and be made much healthier too.

Having certain ingredients on hand and knowing how to combine them is the key to successfully creating a homemade skillet meal. By choosing an item from each of the groups in the chart below, you can easily create a main dish. Serving it with a fruit, 100% juice or lowfat milk will create a complete meal.

Create Your Own Skillet Meal

1. Choose at least one ingredient from each category.
2. If meat is not pre-cooked, you need to cook first in the skillet, then add additional ingredients.
   *TIP: When buying chicken, beef or pork, cook the entire package, cut into bite size chunks and freeze extra portions.
3. Combine all chosen ingredients into a skillet containing 1-2 tablespoons oil.
4. Simmer over medium heat, stirring occasionally, for 20 minutes or until heated through.
