Trac Software Workshops

Taught by Juliet Carroll, Trac Software Developer, to be held April 22.

Trac software is a pesticide spray record-keeping program built in Excel. It will automatically generate your reports. Learn more about it at
www.nysipm.cornell.edu/trac

Location	Date	Time
NY State Agricultural Experiment Station 630 W. North St., Geneva, NY 12901 **Hosted by** Juliet Carroll, 315-787-2430	Monday, April 22	9:00 AM-12:00 PM

The workshop will demonstrate how to set up your farm's information, applicators, blocks, pesticide inventory and how to enter your records and generate reports, including the EPA WPS Central Posting Form. You will learn how Trac can generate spray material costs and keep fertilizer and harvest records. There will be time for questions and discussion.
