Agenda:
The Feed Dealer Seminars are specifically targeted for nutritionists, veterinarians, other consultants, extension educators, and dairy producers with specific interest in nutrition-oriented topics. They are designed to blend the latest concepts in feeding and other management aspects of dairies with field level application. They have been conducted annually as a road show with multiple sites in NY since the 1940s and provide opportunities for educational programming with networking in the local regions.

♦ Impacts & evaluation of subclinical hypocalcemia in dairy cows
♦ Strategies to improve fresh cow energy metabolism
♦ Short topics - update on shredlage, feeding for milk protein, revisiting phosphorus levels in rations, transition cow field study update

QUESTIONS????
