Frank has been in the livestock business for just over 50 years; having started as a young man with his father. He spent these years developing a business that includes more than just cattle.

Frank also buys and sells hogs, sheep, goats, lambs and hides. He and his son Jason are also partners in JC Rendering.

Throughout the year, Caruso Cattle Company backgrounds between 25,000 and 35,000 cattle. The majority are purchased in the Northeast and are shipped west. Frank keeps a thousand head of beef cattle on wheat pastures in Oklahoma at all times. These cattle are typically sold as groups of yearling steers and heifers by trailer lot loads.

The dinner will be catered by **Fobare's Barbeque** of Rensselaer Falls, NY. There will be also be beef cattle related vendors and door prizes

There may be a small fee of \$5 or \$10 depending on how much sponsor money we can get.
