

2020 Fall Pasture Management Series Wednesday Evenings

Sept 30, Oct 7, and Oct 14, 2020

7 p.m. - 8:00 p.m. via Zoom

No Cost to Attend, Attend One or All

To register, email Rich Toebe at rrt43@cornell.edu

2020 has been a year of mixed challenges for managing pastures. A period of drought, then lots of rain. Right now, most of our pastures are doing quite well and we still have a month or two of grazing season to go. Join us for three nights of sharing pasture management experiences and highlighted topics pertinent to this time of year.

SEPTEMBER 30 – MANAGING POST GRAZING RESIDUALS IN THE FALL OF THE YEAR

- How pasture plants get ready for winter & How our management choices at this time of the year impact pasture health
- Mini Pasture Walk – Ben Hepler will provide a ‘Virtual Walk’ of his beef pastures through video clips
- Open Discussion (A chance for all participants to share their thoughts and ask questions of each other)

OCTOBER 7 – STOCKPILING PASTURES FOR LATE FALL AND EARLY WINTER GRAZING

- Concepts of how to successfully stockpile pastures
- Mini Pasture Walk – Kim Cassano will provide a ‘Virtual Walk’ of her sheep pastures through video clips
- Open Discussion (A chance for all participants to share their thoughts and ask questions of each other)

OCTOBER 14 – MEASURING PASTURE DRY MATTER – DIFFERENT METHODS

- Results of 2020 On farm research using a Rising Plate Meter and Pasture Stick on Delaware County farms
- Mini Pasture Walk – Larry Hepner will provide a ‘Virtual Walk’ of their sheep, goat, and fiber farm
- Open Discussion (A chance for all participants to share their thoughts and ask questions of each other)
