

## Agronomic & Pest Management Resources for Hay

**Cornell Guide to Integrated Field Crop Management**, is updated yearly with pesticide information. It is available in print or electronic form through the Cornell Bookstore (<https://store.cornell.edu/c-875-pmep-guidelines.aspx>) or through your local Cornell Cooperative Extension office

**Cornell Field Crops and Soils Handbook** Out of print. A copy is provided in this blog.

Cornell Agronomy Fact Sheets (lots of them on almost every soil and nutrient management topic): <http://nmssp.cals.cornell.edu/>

Michigan Field Crop & Pest Ecology manual:  
<http://www.ipm.msu.edu/publications> , scroll down the webpage.

Wisconsin Forage Resources: <http://fyi.uwex.edu/forage/> (includes “Focus on Forage” fact sheets on right column of the website)

Pennsylvania State University Agronomy Fact Sheets:  
<http://cropsoil.psu.edu/extension/facts/agfacts.cfm>

“Organic Field Crop Handbook” and many other publications by Canadian Organic Growers: <http://cog-shop.myshopify.com/collections/all-publications>

Michigan State Univ. “Getting Started with Organic Field Crops” webinar:  
[http://msue.anr.msu.edu/resources/organic\\_field\\_crops](http://msue.anr.msu.edu/resources/organic_field_crops) (not sure how long this will be available)
