

NYS MGVS ADVANCED COURSE

Master Gardener Volunteers (MGVs) who have completed their initial training welcome the opportunity to enhance their knowledge and expand their learning in new areas. In this series of self-guided mini courses, you will find advanced topics to help you continue your educational journey. The following modules focus on ecological gardening skills and reaching diverse audiences in NYS:

- Cover Crops
- Weeds
- Seed Saving
- Pollinator Protection
- Engaging Low-Literacy Audiences
- Climate & Water-Wise Plant Selection
- Biocontrol
- Food Forest Garden Design & Ecosystem Services

For more information on the **Master Gardener Volunteer Advanced Training** please follow the directions below:

- Access self-guided course through the CCE Distance Learning website: <http://moodle.cce.cornell.edu/>
- Create a new account by clicking the "Create new account" button. Once you have done that you must confirm your account (an email will be sent to you).
- The course website is:
<https://moodle.cce.cornell.edu/course/view.php?id=294>
- Once confirmed, to gain access to the online **Master Gardener Volunteer Advanced Training Course** you will be asked for an enrollment key for the course. The enrollment key is: **ccemgv** (all lowercase).
