HERKIMER COUNTY LOCAL FOODS MAP

2024

2024 HERKIMER COUNTY LOCAL FOODS MAP

We'd like to extend our gratitude to the farmers, producers and growers of Herkimer County for their cooperation in developing this map, as well as for their dedication in providing local foods to our county. CCE Herkimer County has made every effort to ensure the accuracy of this map. Inclusion in this guide does not imply a recommendation or endorsement. Omissions are not intended.

Funding for this map was provided in part through a grant from the Herkimer County Mental Health Office through the Farm Family Assistance Project.

For updates and an interactive online version of this map, visit <http://bit.ly/CCEHerkCountyLocalFoodsMap>
To see more details about the farms as well as find farms that produce non-food items, visit <https://bit.ly/CultivateHerkLEM>

Hardy Family Farms, LLC

Cornell Cooperative Extension | Herkimer County

www.cce.cornell.edu/herkimer

Find us and many of these farms on Facebook!

WHY EAT LOCAL?

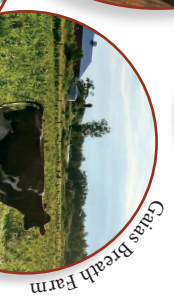

Every dollar spent locally supports our community. Local foods are often harvested then sold within 24 hours, preserving important nutrients that are normally lost during long shipping times. *Best of all...fresh local foods taste better.*

Your purchase of local foods today helps ensure that the farms will be here in the future to meet your food needs, providing security for our community during times of uncertain supply chains and empty store shelves. Some of our farms offer Community Supported Agriculture (CSA) shares that guarantee fresh food all season long. Help farmers by asking your favorite restaurant or market to carry local farm products. Point them to the Herkimer County Farm to Table Directory, a listing of the producers on the map and more at <https://bit.ly/HCFarm2Table>

The Herkimer County Agricultural Council and Cornell Cooperative Extension Herkimer County, launched **CultivateHerkimer.org**, an online platform dedicated to serving Herkimer County's farm community by promoting local food and agricultural products. With a mission to support our local economy and foster a stronger connection between consumers and the agricultural community, Cultivate Herkimer serves as a comprehensive directory, resource hub, and event calendar for all things related to local agriculture.

In addition to the Cultivate Herkimer website, the Cornell Cooperative Extension Herkimer County website (cce.cornell.edu/herkimer) is a great resource for local foods and what to do with your bounty. There you can find resources on Farmers' Markets, Food Preservation Resources, Foods Safety, Wild Game Resources and more!
