

The Problem:

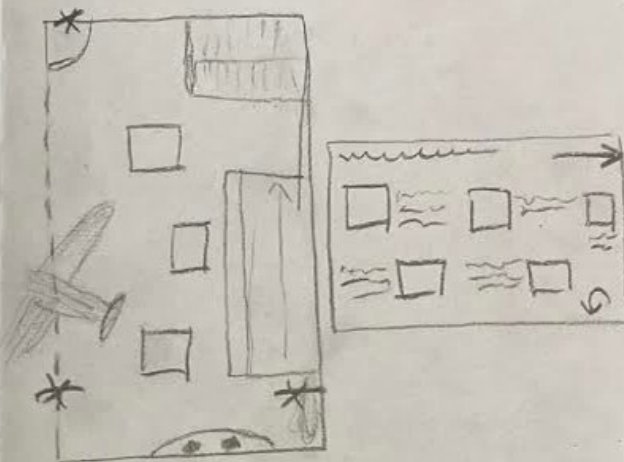

Kiosks and floorplan are not conducive to the intended flow

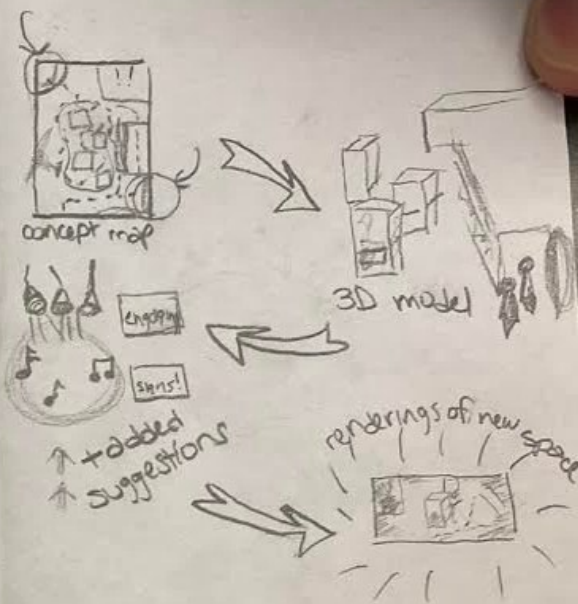

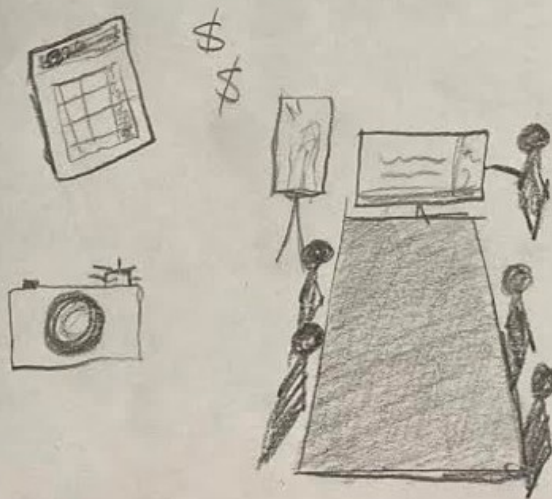

KIOSK LAYOUT

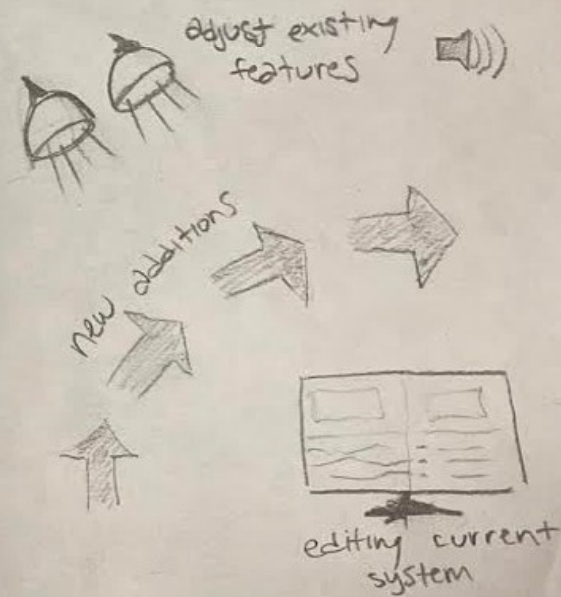

Need to see floorplan and kiosk layout

Discuss options with THC

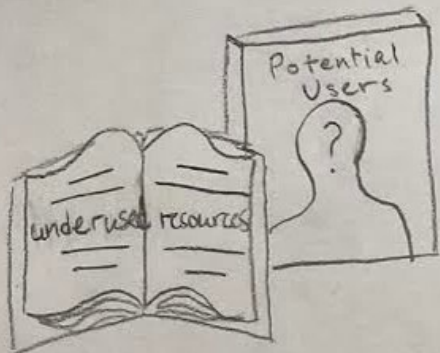

EXHIBITION / GALLERY

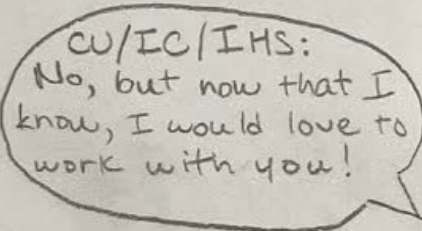

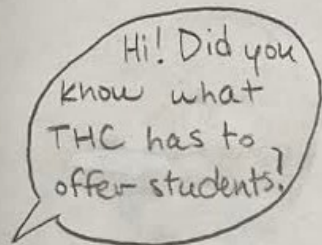

What technology is needed to implement our plans?

The Problem:

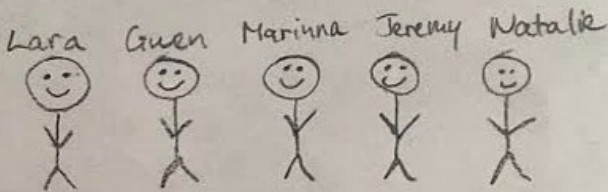

THC's resources are being underused by the many local potential patrons!

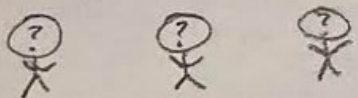

wait! We can't add more to THC's plate, when they are already understaffed!

IT'S UP TO US...

THC $\xleftrightarrow{\text{our Team}}$ Schools

We are a point of communication!

And will find volunteers to build THC's team!

Wait! What happens when the semester ends, and our team will no longer be around to fill our roles @ THC?

DATABASE

- 1) Johnny B., IC
- 2) Sam M., Cornell
- 3) Cayley P., BOCES

We know we will have succeeded if we leave THC in a place where they have a simple database/network of new partners from local schools!

THE CHALLENGE:

to increase local engagement with the History Center & encourage people to interact & contribute to its archives

Students & visitors

Local Hhazan Population

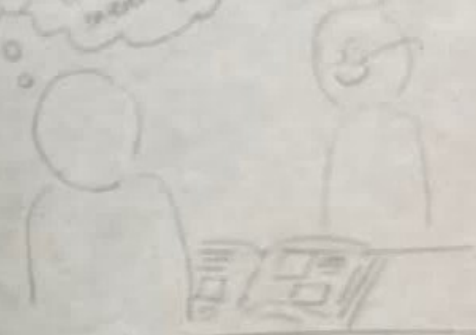

THE HISTORY CENTER

In its archives, THC currently houses 600 scrapbooks created by members of the Hhazan community containing pictures, newspaper clippings, and other pieces of the area's past.

It's complicated if made by a previous student at the same university of the same time period. What's the meaning?

Is it valuable information for my research?

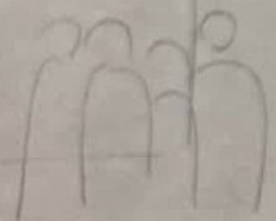

ARCHIVES

THE PLAN

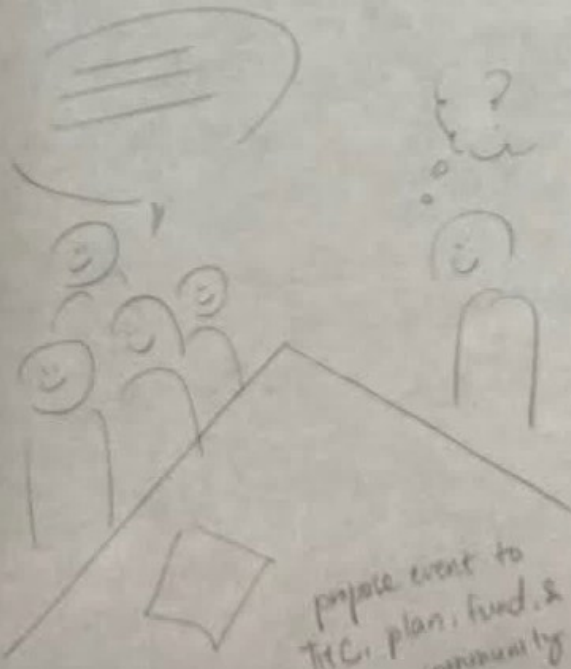

to create an interactive event to attract visitors and encourage personal storytelling.

EVENT
FRIDAY //
THE HISTORY CENTER

HISTORY CENTER INVITES YOU TO BRING YOUR CURRENT & OLD ITEMS/PHOTOGRAPHS TO PARTICIPATE IN HHAZAN HISTORY.

SCRAPBOOKING EVENT!

propose event to THC, plan, fund, & advertise community scrapbooking event

THE EVENT

split up by decade. visitors will get a chance to share their best memories & moments of the past & hopefully contribute to the center's collection.

WELCOME
