PROGRAM MODIFICATIONS

The Children’s Garden Consultants toolkit may be adapted to meet the specific needs of your program. Suggestions for modifications include:

Modify for AGE
Although the original CGC participants were 15 to 17 year olds, the CGC toolkit may be modified for various age groups. Because of the nature of the program, the program is most appropriate for youth ages 12+.

Modify for SETTING
The CGC toolkit may be used for after school programs, enrichment programs, one-week camp sessions, public or children’s garden settings, weekend retreats, and weekly meetings. If you will be adapting your program to one of these settings, please review the sample schedule ahead of time and modify your program accordingly. Be sure to consider unique local resources that will strengthen your CGC event.
