The Minor in Inequality Studies

Quick Facts 2015-16

Currently there are 58 undergraduates in the program from all seven of Cornell’s colleges.

Current Enrollment by College

Requirements for the Minor in Inequality Studies include completion of one core course (Controversies about Inequality), plus one overview course and four electives. Due to the broad focus of this interdisciplinary program, students may choose from electives in over 30 academic departments.

Since the program began in 2003, 538 undergraduates have completed the Minor in Inequality Studies.
