

Extension Meeting Presentations – Margaret T. McGrath

2006 through retirement in 2023

Managing Cucurbit Diseases. New Brunswick Hort Congress. Virtual. 3/16/23.

Fungicides A to Z. 2023 Giant Pumpkin Commonwealth International Growers Convention. Danvers, MA. 3/4/23.

Lessons Learned Over a Career about Vegetable Diseases and Their Management. Long Island Cauliflower Association Vegetable Grower Meeting. Riverhead, NY. 2/10/23.

Effective, Economic Fungicide Program for Tomatoes: is it Possible?? 2023 NYS Vegetable Growers Expo. Tomato Session. Syracuse, NY. 2/6/23.

Some Love It Wet, Others Dry: The Many Cucurbit Pathogens and their Management. 2023 NYS Vegetable Growers Expo. Cucurbit Session. Syracuse, NY. 2/6/23.

Review of Powdery Mildew Management. 2023 Mid-Atlantic Fruit and Vegetable Convention. Pumpkin Session. Hershey, PA. 2/2/23.

What was Learned from 20 years of Evaluating Biofungicides. 2023 Mid-Atlantic Fruit and Vegetable Convention. Biocontrol Session. Hershey, PA. 1/31/23.

Lessons Learned Over a Career about Vegetable Diseases, Management and Fungicide Resistance. 2023 Mid-Atlantic Fruit and Vegetable Convention. General Vegetable Session. Hershey, PA. 1/31/23.

Greenhouse Vegetable Disease Management. 2023 Mid-Atlantic Fruit and Vegetable Convention. Greenhouse Vegetable Session. Hershey, PA. 1/30/23.

Effectively Managing Diseases of vegetables. Berkshire Grown Workshop Webinar. 1/18/23.

Tips on Managing Vegetable Diseases Organically. 2023 Long Island Agricultural Forum. Sustainable Session. Speonk, NY. 1/12/23.

Recommendations for Managing Important Diseases Based on Research. 2023 Long Island Agricultural Forum. Vegetable Session. Speonk, NY. 1/11/23.

Managing disease in high tunnel winter greens. High Tunnel Winter Greens Workshop. Webinar. 1/9/23.

Everything you Need to Know to Effectively Manage Cucurbit Diseases in 2023. Cucurbits Session. New England Vegetable and Fruit Conference. Manchester, NH. 12/13/22.

Tips on Managing Vegetable Diseases Organically. Great Lakes EXPO. Grand Rapids, MI. 12/8/22.

Get a Handle on Managing Powdery and Plectosporium. Great Lakes EXPO. Grand Rapids, MI. 12/7/22.

Pumpkin Disease Control. Niagara Regional Produce Meeting. Lockport, NY. 7/28/22.

Pumpkin Disease Control. 2022 Produce Field Meetings. Capital District. 6/28/22.

Pumpkin Disease Control. 2022 Produce Field Meetings. PLAV Pavilion. Orange County. 6/28/22.

Downy Mildew of Basil. 2022 Produce Field Meetings. Twin Ponds Greenhouse. Orange County. 6/28/22.

Incorporating Biopesticides into IPM. Ontario Fruit and Vegetable Convention. Niagara Falls, Canada. 2/23/22.

Which Fungicides are Working for Powdery Mildew in Eastern NY - Results from Samples Collected in 2021 and What's New with Cucurbit Downy Mildew? 2022 ENYCHP Winter Meeting: Vine Crop Session. Virtual meeting. 2/16/22.

Recommendations on Managing Diseases of Cucurbits Based on Recent Research. Long Island Vegetable Growers Meeting. Virtual. 2/15/22.

The Lowdown on Basil Downy Mildew. Virtual Winter Greenhouse School 2022. 2/9/22.

Downy Mildew Management on Cucumber and Cantaloupe. 2022 Mid-Atlantic Fruit and Vegetable Convention. Vine Crops Session. Hershey, PA. 2/1/22.

Managing Powdery Mildew and Bacterial Diseases on Pumpkins. 2022 Mid-Atlantic Fruit and Vegetable Convention. Pumpkins/Winter Squash Session. Hershey, PA. 2/1/22.

Bathing Pathogens to Death! Capital District Greenhouse Meeting. Virtual meeting. 1/27/22.

Keys to Success in Disease Management. NOFA-NY 20220 Winter Conference. Virtual meeting. 1/21/22.

Recent Research on Managing Diseases of Cucurbits and Basil. 2022 Long Island Agricultural Forum. Vegetable Session. Virtual meeting. 1/18/22.

Phytophthora Update. NEVBGA Winter meeting. 1/7/22.

Research Guides Management Recommendations for Cucurbit Mildews. New England Vegetable and Fruit Conference. Virtual meeting. 12/15/21.

Biopesticides for Managing Diseases of Vegetable Crops. Les Vendredis Horticoles de la Montérégie – 2e édition. Quebec, Canada. Virtual meeting. 12/10/21.

Refining Your Disease Management Program for Pumpkin and Winter Squash. New Jersey Vegetable Growers Virtual Convention. 2/25/21.

Basil Downy Mildew Management Update. Greenhouse Educators virtual webinar. 2/10/21.

Downy mildew and Powdery Mildew Management Update. Maine Vegetable & Small Fruit Growers Meeting. Virtual. 1/20/21.

Managing Diseases with an Integrated Mindset. 2021 Empire State Producers Expo. IPM School. Virtual meeting. 1/13/21.

Prevention and Identification of Common Diseases in Herbs and Vegetable Seedlings in Greenhouses. Vegetable Seedling and Transplant Production webinar series. 1/8/21.

Basil Downy Mildew Management in the Northeast. Managing Basil Under Increasingly Challenging Conditions. Virtual workshop. 12/10/20.

New Online Website for Monitoring Basil Downy Mildew Occurrence. Managing Basil Under Increasingly Challenging Conditions. Virtual workshop. 12/10/20.

Managing Diseases with Sulfur - Is There a Role for Burners and Evaporators? Webinar hosted by University of New Hampshire. 7/22/20.

Cucurbit Powdery Mildew. Marrone Bio Innovations teleconference. 7/22/20.

Other Cucurbit Diseases and Management. Disease and Insect Management Webinar for Giant Pumpkin Growers. Webinar hosted by University of New Hampshire. 7/7/20.

Cucurbit Yellow Vine Disease. Disease and Insect Management Webinar for Giant Pumpkin Growers. Webinar hosted by University of New Hampshire. 7/7/20.

Cucurbit Powdery Mildew. Podcast hosted by GLVWG. 6/24/20.

Cucurbit Downy Mildew. Marrone Bio Innovations teleconference. 6/17/20.

Tomato Brown Rugose Fruit Virus. Horticultural Inspector Training Webinar. 4/10/20.

Fruit Rots and Foliar Diseases. Ontario Fruit and Vegetable Convention. Vegetables: Sweet corn and cucurbits session. Niagara Falls, Ontario, Canada. 2/19/20.

Powdery Mildew Efficacy Trials – What Works Best and Does Chlorothalonil Fit? Ontario Fruit and Vegetable Convention. Vegetables: Sweet corn and cucurbits session. Niagara Falls, Ontario, Canada. 2/19/20.

Potential Future Benefits of Gene Editing Technology for Growers. Long Island Cauliflower Association Vegetable Grower Meeting. Riverhead, NY. 2/11/20.

Managing Fungicide Resistance in Vine Crop Diseases. 2020 Mid-Atlantic Fruit and Vegetable Convention. Vine Crops Session. Hershey, PA. 1/29/20.

Managing Plant Diseases Successfully: Basics to Advanced. NOFA-NY 2020 Winter Conference. Syracuse, NY. 1/17/20.

Can Phytophthora Blight be Effectively Managed? 2020 Empire State Producers Expo. Phytophthora Blight Session. Syracuse, NY. 1/15/20.

Managing Diseases in Cucurbits & Other Vegetables. Progressive Grower Annual Meeting. Taunton, MA. 1/10/20.

Update on Managing Vegetable and Basil Diseases. 2020 Long Island Agricultural Forum. Vegetable Session. Speonk, NY. 1/9/20.

Cornell Basil Downy Mildew Research Update. Basil Workshop. Belle Glade, FL. 12/17/19.

A Map-Based DM Monitoring System For Growers To Forecast BDM Movement. Basil Workshop. Belle Glade, FL. 12/16/19.

What Works for Organic Disease Control in Winter Tunnels. Winter Growing Session. New England Vegetable and Fruit Conference. Manchester, NH. 12/11/19.

Managing Multiple Diseases in Cucurbits: Fungicide Update. Cucurbits, Pumpkins and Gourds Session. New England Vegetable and Fruit Conference. Manchester, NH. 12/10/19.

Vegetable Pathology Research Projects. Summer Cover Crop Demonstration Plots and Vegetable Research Updates Twilight Meeting. Riverhead, NY. 9/4/19.

Managing Cucurbit Mildews. Biocontrol Trial and IPM Field Meeting. Fort Plain, NY. 8/20/19.

Tomato Disease Management and Resistant Varieties Being Developed. Field Day on IPM in Tomato Production. Stone Ridge, NY. 8/19/19.

Vegetable Pathology Research Projects. Plant Science Day. Riverhead, NY. 7/31/19.

Diseases of Vegetable Plants and Their Management. Sylvester Manor Educational Workshop. Shelter Island, NY. 7/9/19.

Disease Diagnosis and Management in the Home Vegetable Garden. Master Gardener Training Program. Riverhead, NY. 3/23/19.

What's New in Managing Tomato Diseases? Long Island Cauliflower Association Vegetable Grower Meeting. Riverhead, NY. 2/27/19.

Tomato Disease Management. IPM Workshop, Australian Processing Tomato Research Council. Echuca, Victoria, Australia. 2/22/19.

Field Studies on Managing Basil Downy Mildew in New York. New Jersey Agricultural Convention and Trade Show. Basil workshop. Atlantic City, NJ. 2/7/19.

Cucurbit Diseases and Fungicide Controls. New Jersey Agricultural Convention and Trade Show. Atlantic City, NJ. 2/6/19.

What's New in Managing Tomato Diseases. New Jersey Agricultural Convention and Trade Show. Atlantic City, NJ. 2/5/19.

Potato Disease Update. 2019 Mid-Atlantic Fruit and Vegetable Convention. Potato Session. Hershey, PA. 1/31/19.

Basil Downy Mildew Got You Down? 2019 Long Island Greenhouse & Floriculture Conference. Riverhead, NY. 1/22/19.

Managing Powdery Mildew on Cucurbits and Tunnel Tomatoes. Vermont Vegetable and Berry Growers Association Annual Meeting. 1/21/19.

Heat Treating Seed. NOFA-NY 2019 Winter Conference. Saratoga Springs, NY. 1/19/19.

Biopesticides for Vegetable Diseases: What Are They And How Well Do They Work? NOFA-NY 2019 Winter Conference. Saratoga Springs, NY. 1/18/19.

Managing Mildews and Phytophthora Blight Successfully in 2019. 2019 Empire State Producers Expo. Vine Crops Session. Syracuse, NY. 1/15/19.

Current and Upcoming Tomato Cultivars with Improved Resistance to Fungal and Bacterial Diseases. 2019 Empire State Producers Expo. Solanaceous Crops I – Advances in Breeding Session. Syracuse, NY. 1/15/19.

Successfully Managing Diseases in 2019 Based on What Was Learned in 2018. 2019 Long Island Agricultural Forum. Vegetable Session. Speonk, NY. 1/10/19.

Key Facts to Know About Plant Diseases Occurring in the Region and Their Management. 2019 Long Island Agricultural Forum. Beginning Farmer Session. Speonk, NY. 1/10/19.

What's New About Downy Mildews and Their Management in Basil and Other Crop. 2019 Long Island Agricultural Forum. Sustainable Session. Speonk, NY. 1/9/19.

The Intersection of Biocontrol and Organics. Biocontrols USA East Conference and Tradeshow. Rochester, NY. 10/12/18.

Thirty Years of Research Helping Farmers Manage Diseases of Cucurbits. Watermelon and Melon Training. Zhengzhou, China. 9/26/18.

Vegetable Pathology Research Projects. Plant Science Day. Riverhead, NY. 9/6/18.

Options for Organic Management of Diseases in Vegetable Crops. 3rd International Congress on Plant Protection in Vegetables. Guadalajara, Mexico. 8/17/18.

Resistance to Fungicides in Vegetable Pathogens: Current Situation and Strategies for Managing. 3rd International Congress on Plant Protection in Vegetables. Guadalajara, Mexico. 8/16/18.

Diseases of Vegetable Plants and Their Management. Sylvester Manor Educational Workshop. Shelter Island, NY. 7/10/18.

Identifying Diseases of Vegetable Plants. Nassau County Master Gardener Training Program. Riverhead, NY. 7/9/18. OUTREACH

Disease Diagnosis and Management in the Home Vegetable Garden. Master Gardener Training Program. Riverhead, NY. 4/11/18. OUTREACH

Biopesticides for Vegetable Diseases. Long Island Cauliflower Association Vegetable Grower Meeting. Riverhead, NY. 2/15/18.

Downy Mildews of Basil, Spinach, & Other Crops. PASA Conference. State College, PA. 2/9/18.

Biopesticides for Managing Disease in Vegetables. Organic Agriculture Session. New Jersey Agricultural Convention and Trade Show. Atlantic City, NJ. 2/7/18.

Biofumigation and Reduced Tillage for Managing Phytophthora and Other Soil-borne Pathogens. Soil Health Management Session. New Jersey Agricultural Convention and Trade Show. Atlantic City, NJ. 2/6/18.

New Developments in Managing Powdery and Downy Mildews in Cucurbits. Vine Crops Session. New Jersey Agricultural Convention and Trade Show. Atlantic City, NJ. 2/6/18.

What's New with Major Diseases of Vegetable Crops. NH Vegetable & Berry Growers' Association Annual Meeting. Manchester, NH. 2/3/18.

Biopesticides & Reduced-Risk Fungicides: What Are They and How Well Do They Work? NH Vegetable & Berry Growers' Association Annual Meeting. Manchester, NH. 2/3/18.

Updates and Management Options for Basil Downy Mildew. Wisconsin Fresh Fruit & Vegetable Conference. Wisconsin Dells, WI. 1/23/18.

New Spinach Downy Mildew Disease Concern in Winter High Tunnels. Wisconsin Fresh Fruit & Vegetable Conference. Wisconsin Dells, WI. 1/23/18.

Managing Mildews with Resistant Varieties and Fungicides. 2018 Empire State Producers Expo. Vine Crops Session. Syracuse, NY. 1/18/18.

Effectively Managing Significant Diseases on Long Island. 2018 Long Island Agricultural Forum. Vegetable Session. Speonk, NY. 1/11/18.

What's New in Disease Management. 2018 Long Island Agricultural Forum. Sustainable Ag Session. Speonk, NY. 1/10/18.

Important Diseases of 2017 and Their Management. 2018 Long Island Agricultural Forum. Potato Session. Speonk, NY. 1/10/18.

Diseases Around The Farm & Control Options, Discussion Session with Farmers. New England Vegetable and Fruit Conference. Manchester, NH. 12/14/17.

BMPs for Dickeya Management Q&A. New England Vegetable and Fruit Conference. Manchester, NH. 12/14/17.

Update on Fungicides for Managing Disease in Pumpkins. New England Vegetable and Fruit Conference. Manchester, NH. 12/12/17.

Winter Production & Season Extension: Trials & Tribulations, Discussion Session with farmers. New England Vegetable and Fruit Conference. Manchester, NH. 12/12/17.

Managing Spinach Downy Mildew & Other Diseases in Winter Greens. New England Vegetable and Fruit Conference. Manchester, NH. 12/12/17.

Dickeya on Long Island, NY. 2017 Dickeya and Pectobacterium Summit. Bangor, ME. 11/9/17.

Organically Approved Biofungicides and New Emerging Diseases. Lincoln University Extension Educator Program: Integrated Approaches to Managing Diseases on Vegetables, Berries and Grapes. Jefferson City, MO. 9/7/17.

Tomato Diseases and Fungicide Resistance Management. Lincoln University Extension Educator Program: Integrated Approaches to Managing Diseases on Vegetables, Berries and Grapes. Jefferson City, MO. 9/7/17.

Disease/Pest Issues in the Community Vegetable Garden. Master Gardener Training Program. East Meadow, NY. 8/31/17. OUTREACH

Vegetable Pathology Research Projects. Plant Science Day. Riverhead, NY. 7/11/17.

Disease Diagnosis and Management in the Home Vegetable Garden. Master Gardener Training Program. Riverhead, NY. 6/14/17. OUTREACH

Update On New Diseases, Resistant Varieties, And Organic Disease Management. RMA Organic Growers Winter Workshop. Plymouth, NH. 3/28/17.

Organic Fungicides: What Do We Know About What Really Works? RMA Organic Growers Winter Workshop. Plymouth, NH. 3/28/17.

Strip Tillage – How To and Its Value. Reduced Tillage Organic Webinar Series. Webinar. 3/16/17.

Dickeya Update. Potato Grower Meeting. Middletown, RI. 2/16/17.

Seed - Borne Pumpkin Diseases and Current Management Practices for Common Diseases. New Hampshire Giant Pumpkin Growers Association meeting. Goffstown, NH. 2/10/17.

What's New with Biopesticides? Capital District Commercial Vegetable Growers' School. Albany, NY. 2/8/17.

Minimizing Disease Risk Using Resistant Varieties and Seed Disinfestation. Hudson Valley Commercial Vegetable Growers' School. Kingston, NY. 2/7/17.

What's New with Biopesticides? Hudson Valley Commercial Vegetable Growers' School. Kingston, NY. 2/7/17.

Look out! for New and Emerging Pests in Our Region. Hudson Valley Commercial Vegetable Growers' School. Kingston, NY. 2/7/17.

Growing List of Viruses Impacting Tomatoes. 2017 Mid-Atlantic Fruit and Vegetable Convention. Tomato Session. Hershey, PA. 2/2/17.

Pumpkin Diseases. 2017 Mid-Atlantic Fruit and Vegetable Convention. Vine Crops Session. Hershey, PA. 1/31/17.

Dickeya Blackleg: The Newest Disease Threat to Potatoes. 2017 Empire State Producers Expo. Potato Session. Syracuse, NY. 1/19/17.

Role of Biostimulants and Fungicides That Induce Disease Resistance. 2017 Empire State Producers Expo. Tomato Session. Syracuse, NY. 1/18/17.

Hot Water Treating Seed: The Whys and the Hows. 2017 Long Island Agricultural Forum. Sustainable Ag Session. Speonk, NY. 1/14/17.

Disease Management in Focus on Cucurbits Session. 2016 Northeast Region Certified Crop Advisor training. Syracuse, NY. 12/1/16.

Plant Diseases and Organic Management. NOFA Accreditation Course in Organic Land Care. Riverhead, NY. 11/8/16.

Vegetable Pathology Research Projects. Plant Science Day. Riverhead, NY. 9/14/16.

Vegetable Growers Twilight Meeting. The Hudson Valley Farm Hub. Hurley, NY. 8/31/16.

GMOs: Facts & Myths. Lecture series on food topics at Levittown Public Library. Levittown, NY. 6/15/16. OUTREACH

Disease Diagnosis and Management in the Home Vegetable Garden. Master Gardener Training Program. Riverhead, NY. 5/25/16. OUTREACH

Presentation on GMO plus Panel Discussion. Bayard Cutting Arboretum Horticulture Society Meeting. Great River, NY. 3/12/16. OUTREACH

Fungicide Resistance Management. Long Island Cauliflower Association Vegetable Grower Meeting. Riverhead, NY. 2/26/16.

What You Must Know About Vegetable Diseases When Saving Seed. 2nd Annual Long Island Regional Seed Consortium Seed Swap. Speonk, NY. 2/13/16.

Managing Basil Downy Mildew - New York Perspective. 2016 NJ Agricultural Convention and Trade Show. In Basil Workshop. Atlantic City, NJ. 2/11/16.

Occurrence and Impact of Downy Mildew on Sweet Basil in 2015. 2016 NJ Agricultural Convention and Trade Show. In Basil Workshop. Atlantic City, NJ. 2/11/16.

Update on Tomato Disease Management. 2016 NJ Agricultural Convention and Trade Show. In Peppers/Tomatoes Session. Atlantic City, NJ. 2/10/16.

How Are Products Reviewed For Acceptance for Organic Production and Where to Find Them. Monitoring, Identification and Management of Vegetable and Small Fruit Diseases in Organic Farms of Missouri Workshop at Missouri Organic Association Annual Conference. Springfield, MO. 2/6/16.

Approved Organic Products for Vegetable Diseases and How to Achieve Effective Control. Monitoring, Identification and Management of Vegetable and Small Fruit Diseases in Organic Farms of Missouri Workshop at Missouri Organic Association Annual Conference. Springfield, MO. 2/6/16.

The Future of GMO Vegetables. 2016 Portsmouth In-Service Training (CCA) Conference. Portsmouth, NH. 2/3/16.

Crop Rotation for Disease Prevention. NOFA-NJ Winter Conference. Lincroft, NJ. 1/30/16.

Vine Crop Disease and Management Updates: Powdery Mildew. In Vine Crops Session. 2016 Empire State Producers Expo. Syracuse, NY. 1/20/16.

Vegetable Disease and Fungicide Update. 2016 Long Island Agricultural Forum. Sustainable Ag Session. Speonk, NY. 1/15/16.

Managing Basil Downy Mildew Organically Can Be Done Based on Research Results. 2016 Long Island Agricultural Forum. Sustainable Ag Session. Speonk, NY. 1/14/16.

Heat Treating Seeds for Disease Management. CT Vegetable & Small Fruit Growers' Conference. South Windsor, CT. 1/11/16.

Effectively Managing Mildews in Cucurbits. Five Hundred Ninetieth Meeting of the New England Vegetable and Berry Growers Association. Hadley, MA. 1/8/16.

What Works & What Doesn't for Disease Management: Recent Trials. Organic Session. New England Vegetable and Fruit Conference. Manchester, NH. 12/17/15.

Strategies for Managing Multiple Pathogens on Pumpkins. New England Vegetable and Fruit Conference. Manchester, NH. 12/16/15.

Bio-Fungicides and Resistance Management. Organic Pest Management. Jefferson City, MO. 5/26/15.

Prevention & Management of Cucurbit Diseases. Organic Pest Management. Jefferson City, MO. 5/26/15.

Disease & Cure on Cucurbits, keynote presentation. Giant Pumpkin Commonwealth Big Show. Wilkes Barre, PA. 3/21/15.

Managing Vegetable Diseases on Long Island: Preparing for the 2015 Season. Long Island Cauliflower Association Vegetable Grower Meeting. Riverhead, NY. 2/27/15.

Resistant Tomato Varieties For Managing Late Blight. Cornell Garden-Based Learning Regional Training for CCE Educators and Master Gardener Volunteers. Middletown, NY. 2/18/15.

Why Late Blight is a Big Deal For Growers and Gardeners. Cornell Garden-Based Learning Regional Training for CCE Educators and Master Gardener Volunteers. Middletown, NY. 2/18/15.

What is Blight? What Else Could it Be? Cornell Garden-Based Learning Regional Training for CCE Educators and Master Gardener Volunteers. Middletown, NY. 2/18/15.

How to Manage Diseases in Organic Vegetables Before and After Symptoms are Found. Missouri Organic Association Annual Conference. Springfield, MO. 2/7/15.

Efficacy of Conventional and Organic Fungicides for Managing Basil Downy Mildew, Long Island. 2015 NJ Agricultural Convention and Trade Show. In Basil Downy Mildew Workshop. Atlantic City, NJ. 2/5/15.

Downy Mildew and Its Occurrence Across the USA. 2015 NJ Agricultural Convention and Trade Show. In Basil Downy Mildew Workshop. Atlantic City, NJ. 2/5/15.

Plant Disease Management in Organic Systems. Virginia Association for Biological Farming Conference. Richmond, VA. 1/30/15.

Tomato Late Blight Update. Session in vegetable webinar series organized by Ontario Ministry of Agriculture & Food, Ridgetown, ON, Canada. 1/26/15.

A Look Back at 2014 Vine Crop Diseases and Management Updates. In Vine Crops Session. Empire State Fruit and Vegetable Expo. Syracuse, NY. 1/21/15.

What a Greenhouse Grower Needs to Know About Vegetable Diseases. LI Greenhouse & Floriculture Conference. Riverhead, NY. 1/20/15.

Organic Strategies for Managing Foliar Diseases of Tomato. Catskill Regional Agriculture Conference. Delhi, NY. 1/15/15.

Vine Crops Disease Management and Late Blight Research. Fruit and Vegetable Growers Association of Delaware. In Fresh Market Vine Crop Session. Harrington, DE. 1/13/15.

Research on Managing Phytophthora in Vegetable Crops. Fruit and Vegetable Growers Association of Delaware. In General Session. Harrington, DE. 1/13/15.

Information Gained about Vegetable Diseases from Recent Research and Observations on Organic Farms. 2015 Long Island Agricultural Forum. Sustainable Ag Session. Speonk, NY. 1/8/15.

Late Blight and Downy Mildew. Penn State Extension Organic Vegetable Production Intensive. Easton, PA. 12/12/14.

Sustainable Soil Borne Disease Management. Penn State Extension Organic Vegetable Production Intensive. Easton, PA. 12/12/14.

Plant Diseases and Organic Management. NOFA Accreditation Course in Organic Land Care. Philadelphia, PA. 12/10/14.

Recognizing and Managing Diseases in Vine Crops. Penn State Extension 2014 Vine Crops Growers School. Lancaster, PA. 11/4/14.

Value of Weather Stations for Vegetable Growers and Researchers. Riverhead, NY. 10/27/14.

Late Blight: Everything You Need to Know to Deal with it! NOFA-NY Intensive Workshop on Organic Disease Management Strategies in (Another) Wet Year. Geneva, NY. 10/21/14.

Disease Issues on Organic Farms: The Mildews. NOFA-NY Intensive Workshop on Organic Disease Management Strategies in (Another) Wet Year. Geneva, NY. 10/21/14.

Tomato Diseases and Their Management in the Garden. Annual Garden of Eve TomatoFest. Riverhead, NY. 8/17/14.

Improving Soil Health and Disease Suppression in Vegetable Production with Reduced Tillage. Soil Health Workshop: Unlock the Secrets in the Soil. Riverhead, NY. 8/15/14.

Organic Disease Management. NOFA-NJ Beginning Farmer Program. Clifton, NJ. 5/3/14.

Management of Powdery Mildew in Vine Crops. 2014 CCE Erie County Vegetable Grower Meeting. East Aurora, NY. 4/3/14.

Disease Diagnosis and Management in the Home Vegetable Garden. Master Gardener Training Program. Great River, NY. 4/1/14.

Formulations, Mixing and Calculations. Organic Pesticide Applicator Training for Fruit and Vegetable Growers. Riverhead, NY. 3/11/14.

The Rest of the Toolbox: IPM Principles. Organic Pesticide Applicator Training for Fruit and Vegetable Growers. Riverhead, NY. 3/10/14.

Organic Fungicide Product Overview. Organic Pesticide Applicator Training for Fruit and Vegetable Growers. Riverhead, NY. 3/10/14.

Biological Fungicides. Berks-Lehigh Vegetable & Flower Growers' Meeting. Fleetwood, PA. 3/7/14.

Growing Tomatoes Successfully: Varieties Resistant to Late Blight a Key. Presentation at GLVWG annual meeting. Amherst, NY. 2/26/14.

Dealing with Late Blight. Webinar hosted by Pennsylvania State University and Cornell University. 2/12/14.

Decision Support System For Late Blight. LICA Vegetable Grower Meeting. Riverhead, NY. 2/11/14.

Basil Downy Mildew. In Herb Session. 2014 Mid-Atlantic Fruit and Vegetable Convention. Hershey, PA. 1/28/14.

Late Blight is Here to Stay: How to Successfully Grow Tomatoes and Potatoes Despite The Blight. NOFA-NY Winter Conference. Saratoga Springs, NY. 1/26/14.

Cucurbit Downy Mildew: What to Look for and How to Control It! In Vine Crops Session. Empire State Fruit and Vegetable Expo. Syracuse, NY. 1/23/14.

What was Learned in 2013 About Managing Vegetable Diseases. Vegetable Session. 2014 Long Island Agricultural Forum. Speonk, NY. 1/17/14.

Late Blight of Tomato and Potato: Recent Occurrences and Management Experiences. Webinar hosted by eOrganic. 1/14/14.

Results from National Basil Downy Mildew Monitoring Program and Evaluating Fungicides and Resistant Varieties in New York. Basil Workshop. Homestead, FL. 12/20/13

Greenhouse Transplants Through Quality Seeds and Controlling Diseases. New England Vegetable and Fruit Conference 2013. From Greenhouse to Field (Transplants) Session. Manchester, NH. 12/19/13.

Disease Management of Cucurbit Crops. New England Vegetable and Fruit Conference 2013. Cucurbits Session. Manchester, NH. 12/19/13.

The Value of Quality Seeds: GMO Update, Seed Quality, Hot Water Treatment of Seeds. New England Vegetable and Fruit Conference 2013. Farmer to Farmer Session. Manchester, NH. 12/18/13.

Some New Copper Fungicides. New England Vegetable and Fruit Conference 2013. Organic Session. Manchester, NH. 12/18/13.

Designing an Effective Fungicide Program (Organic and Conventional) to Manage Tomato Diseases. New England Vegetable and Fruit Conference 2013. Tomato Session. Manchester, NH. 12/17/13.

Update on Late Blight Management: Can Resistant Varieties Play a Role? New England Vegetable and Fruit Conference 2013. Tomato Session. Manchester, NH. 12/17/13.

Pesticide Resistance Basics: Fungicides. Session 1 of webinar series on Pesticide Resistance in the Greenhouse. 12/12/13.

Phosphorous Acid Fungicides: What Are the Best Uses? CCE Agriculture and Food Systems In-Service. Vegetable Track Session on "Insect, Weed, and Disease Management Updates". Ithaca, NY. 11/21/13.

Organic Disease Management: Concepts & Facts Beginning Farmers Need to Know. Advanced Organic Vegetable Production. Session for Beginning Farmer Service Organization Professional Development Training. Latham, NY. 10/30/13.

Integrated Phytophthora Blight Management. Cornell Cooperative Extension of Ulster County Grower Twilight Event. Accord, NY. 9/23/13.

Phytophthora Blights. Seedway Seed Company Annual Sales Meeting. Harrisburg, PA. 8/1/13.

Late Blight Workshop. CRAFT Farm Apprentice Education Program. Sag Harbor, NY. 6/4/13.

Vegetable Crop Diseases To Watch For In 2013 And Management Updates. The University of Rhode Island Cooperative Extension Spring Twilight Meeting. Kingston, RI. 4/2/13.

Diseases and Their Management in High Tunnels. The University of Rhode Island Cooperative Extension Spring Twilight Meeting. Kingston, RI. 4/2/13.

Disease Diagnosis and Management in the Home Vegetable Garden. Master Gardener Training Program. Great River, NY. 3/27/13. OUTREACH

Diseases of Garden Vegetables. Edible School Garden Group Meeting. Riverhead, NY. 3/19/13. OUTREACH

Root Diseases of Strawberries and Raspberries. Long Island Small Fruit School. Riverhead, NY. 3/12/13.

Important Blights of Vegetables. North Jersey Commercial Vegetable Growers Meeting. Pittstown, NJ. 2/26/13.

Effectively Managing the Cucurbit Mildews in 2013. North Jersey Commercial Vegetable Growers Meeting. Pittstown, NJ. 2/26/13.

Key Fungicides for Vegetable Diseases and How They Work. LICA Vegetable Grower Meeting. Riverhead, NY. 2/15/13.

Keys to Successfully Managing Phytophthora Blight in Cucurbits. 2013 Mid-Atlantic Fruit and Vegetable Convention. Hershey, PA. 1/31/13.

Recent Developments in Managing Diseases of Edible Cucurbits. 2013 Mid-Atlantic Fruit and Vegetable Convention. Hershey, PA. 1/31/13.

Organic Disease Management Fungicide Trials. 2013 Mid-Atlantic Fruit and Vegetable Convention. Hershey, PA. 1/29/13.

Staying Ahead of Cucurbit Downy Mildew with the IPMpipe Forecasting System. Empire State Fruit and Vegetable Expo. Syracuse, NY. 1/23/13.

New and Old Vegetable Diseases of Concern in 2012. 2013 Long Island Agricultural Forum. Vegetable Session. Speonk, NY. 1/11/13.

Diseases in Vegetable Gardens on Long Island. 2013 Long Island Agricultural Forum. Environmental Landscaping & Gardening Session. Speonk, NY. 1/10/13.

Late Blight and Other Important Diseases of Vegetables in 2012. 2013 Long Island Agricultural Forum. Sustainable Ag Session. Speonk, NY. 1/10/13.

Disease Occurrences and Research Findings of Note in 2012 on Long Island. CCE Agriculture and Food Systems In-Service. Ithaca, NY. 11/13/12.

Agricultural Pests of Importance to Long Island: Diseases. Small Farm Summit, Hempstead, NY. 4/14/12.

Reduced-tillage on Long Island: Research and On-Farm Demonstration Projects, Riverhead, NY. 3/12/12.

Hot-water Seed Treatment Workshop. 3 sessions in Riverhead, Troy, and Rochester, NY. Each 4 hours. March 5, 6, 7, 2012.

Late blight in Tomato in 2011. Great Lakes Vegetable Working Group Annual Meeting, East Lansing, MI. 2/29/12.

Vegetable Diseases on Long Island: The 2011 Season. LICA Vegetable Grower Meeting, Riverhead, NY. 2/16/12.

Diseases and Their Control in High Tunnels. 2012 Mid-Atlantic Fruit and Vegetable Convention, Hershey, PA. 2/2/12.

Tomato Diseases: Identification and Management. Empire State Fruit and Vegetable Expo. Syracuse, NY. 1/26/12.

Successfully Managing the Many Diseases Plaguing Cucurbits. Empire State Fruit and Vegetable Expo. Syracuse, NY. 1/26/12.

Cucurbit Mildews: What You Need to Know to Manage Them Effectively. NOFA-NY Organic Farming Winter Conference 2012. Saratoga Springs, NY. 1/22/12.

Evaluating Organic Fungicides for Managing Diseases in Vegetable and Herb Crops. Northeast Organic Research Symposium. NOFA-NY Organic Farming Winter Conference 2012. Saratoga Springs, NY. 1/19/12.

What Beans Reveal about Ozone Impact on Plants in the Northeast. Bean session. New England Vegetable and Fruit Conference 2011, Manchester, NH. 12/15/11.

Effectively Managing Cucurbit Mildews: What You Need to Know. Cucurbit session. New England Vegetable and Fruit Conference 2011, Manchester, NH. 12/14/11.

New Developments in Organic Plant Disease Management. Organic session. New England Vegetable and Fruit Conference 2011, Manchester, NH. 12/13/11.

Seed Heat - Treatment As Part Of An Integrated Management Plan For Controlling Diseases Caused By Seed-Borne Pathogens. Hot-water Seed Treatment Workshop. Farmer to Farmer session. New England Vegetable and Fruit Conference 2011, Manchester, NH. 12/13/11.

Update on Occurrence and Control of Mildews, Powdery and Downy. CCE Agriculture and Food Systems In-Service. Ithaca, NY. 11/15/11.

Phytophthora infestans Transmitted to Seedlings Growing from Tomato Fruit Rotted by Late Blight. CCE Agriculture and Food Systems In-Service. Ithaca, NY. 11/15/11.

Organic Disease Management. MOFGA Farmer to Farmer Conference. Lincolnville, ME. 11/5/11.

Soils & Plant Diseases: Understanding the Connection. Soil Health Assessment Workshop for Gardeners. Riverhead, NY. 10/4/11.

Disease Diagnosis and Management in the Home Vegetable Garden. Master Gardener Training Program, Jamesport, NY. 4/25/11.

Cucurbit Powdery Mildew and Basil Downy Mildew. Great Lakes Vegetable Working Group Annual Meeting, Leamington, Ontario, Canada. 3/10/11.

Tomato Late Blight: Current Situation and Future Potential. Ontario Fruit and Vegetable Convention 2011. St. Catharines, Ontario, Canada. 2/24/11.

New Challenges and Opportunities for Managing Cucurbit Diseases. Ontario Fruit and Vegetable Convention 2011. St. Catharines, Ontario, Canada. 2/23/11.

Vegetable Disease Update – What You Ought to Know Before the 2011 Season. Capital District Vegetable Growers Winter Meeting. Albany, NY. 2/15/11.

Biopesticides. 2011 Southern Illinois Commercial Vegetable School. Mt. Vernon, IL. 2/9/11.

Fungicide Resistance Management. 2011 Southern Illinois Commercial Vegetable School. Mt. Vernon, IL. 2/9/11.

Disease Management in Tomatoes. 2011 Southern Illinois Commercial Vegetable School. Mt. Vernon, IL. 2/9/11.

Late Blight: Recent Occurrences, Management Challenges, and Future Outlook. PASA's 20th Annual Farming for the Future Conference. State College, PA. 2/5/11.

Materials for Managing Soil-borne Disease in Organic Vegetables. PASA's 20th Annual Farming for the Future Conference. Pre-conference Workshop on Soil Management. State College, PA. 2/3/11.

Managing Vegetable Diseases Successfully. NOFA-NJ Winter Conference. Princeton, NJ. 1/30/11.

Managing Cucurbit Mildews: New Challenges and New Opportunities. Empire State Fruit and Vegetable Expo. Syracuse, NY. 1/26/11.

Update: Vegetable Diseases and their Management. 2011 Long Island Agricultural Forum. Syosset, NY. 1/14/11.

Basil Downy Mildew and its Occurrence in the Eastern USA. 12/21/10. Basil Downy Mildew Workshop. Belle Glade, FL.

Organic Disease Management -- Which Fungicides Really Work? Intensive Training in Organic Vegetable Production. Educator Session. 11/23/10. Allentown, PA.

Organic Disease Management -- Which Fungicides Really Work? Intensive Training in Organic Vegetable Production. Producer Session. 11/22/10. Allentown, PA.

Disease Occurrence and Management Basics for High Tunnels. Season Extension Webinar. Great Lakes Vegetable Working Group. 11/1/10.

Biopesticides and Organic Fungicides for Managing Plant Diseases. Maryland Plants & Supplies Inc. Annual Customer Appreciation Day and Buyer Expo. Baltimore, MD. 9/16/10.

Understanding and Managing Late Blight of Tomato and Potato in the Home Garden. Webinar. 7/13/10. 1 of 3 presenters, 20 min each.

Disease Update. Tomato, Pepper, and Eggplant. IPM Twilight meeting. Hepworth Farm, Milton, NY. 7/8/10.

Disease Update. Tomato, Pepper, and Eggplant. IPM Twilight meeting. Hand Melon Farm, Greenwich, NY. 7/7/10.

Late Blight Management on Organic Farms. Webinar. 7/2/10.

Efficacy of Various Biological and Microbial Fungicides. 8th Annual IPM Technical Update Meeting for Consultants. Webex Presentation. Simcoe, Ontario. 3/10/10.

Downy Mildew and Powdery Mildew Update. Capital District Vegetable and Small Fruit Growers Winter Meeting. Albany, NY. 3/10/10.

Late Blight: Recent history and future challenge. Capital District Vegetable and Small Fruit Growers Winter Meeting. Albany, NY. 3/10/10.

Late Blight in 2009 and Beyond. Great Lakes Vegetable Working Group Annual Meeting, Columbus, OH. 2/24/10.

Late Blight. LICA Vegetable Grower Meeting, Riverhead, NY. 2/23/10.

Late Blight. NYS Horticultural Inspectors Training Session, Riverhead, NY plus 3 other locations connected by video-conference. 2/23/10.

Diseases and Their Management in the Home Vegetable Garden. Master Gardener Training Program, Jamesport, NY. 2/22/10

Diseases and Their Management in High Tunnels. High Tunnel Production Workshop, Riverhead, NY. 2/18/10.

Late blight grower discussion. 2/8/10. NH.

Biopesticides: What are They and Could They Fit in Your Pumpkin Disease Control Program? 2010 Mid-Atlantic Fruit and Vegetable Convention, Hershey, PA. 2/3/10.

Managing Foliar Diseases Organically in Tomato and Cucurbits. 2010 Mid-Atlantic Fruit and Vegetable Convention, Hershey, PA. 2/2/10.

Management of Basil Downy Mildew. Empire State Fruit and Vegetable Expo, Syracuse, NY. 1/27/10.

Mildews in Cucurbits – What Was Learned in 2009. Empire State Fruit and Vegetable Expo, Syracuse, NY. 1/27/10.

What Was Learned During the 2009 Season About Vegetable Diseases and Management. 2010 Long Island Agricultural Forum, Speonk, NY. 1/15/10.

Diseases and Management From the 2009 Season. 2010 Long Island Agricultural Forum, Speonk, NY. 1/14/10.

Powdery Mildew Control Strategies for Cucurbits. Atlantic Coast Agricultural Convention and Trade Show, Atlantic City, NJ. 1/12/10.

Late Blight Management on Organic Farms. Webinar with 3 presenters. 12/19/09.

What's new with vine crop diseases and their management. Vine Crop Session. New England Vegetable & Fruit Conference, Manchester, NH. 12/17/09.

Late Blight Discussion Session: What worked and what didn't. Panel member. Tomato Session. New England Vegetable & Fruit Conference, Manchester, NH. 12/17/09.

How to Develop a Season-Long Disease Control Program. Tomato Session. New England Vegetable & Fruit Conference, Manchester, NH. 12/17/09.

Efficacy of Various Biological and Microbial Fungicides - Does that really work? Organic Session. New England Vegetable & Fruit Conference, Manchester, NH. 12/16/09.

Late blight in 2009. Northeast Region Certified Crop Adviser training. 2 50-min sessions. Waterloo, NY. 12/9/09.

Vegetable Disease Update. Twilight meeting in Dutchess Co with John Mishanec. 9/17/09. Plus 5 farm visits 8/17-18/09.

Tomato late blight epidemic in 2009. Invited Presentation at IR-4 Food Use Workshop. 9/16/09. 10 min. about 150 participants.

Vegetable Pathology Research at LIHREC. Plant Science Day. Riverhead, NY. 9/10/09. 2-hr session. 20 participants in veg tour (14 growers + 6 CCE people).

Organic Vegetable Pathology Research at LIHREC. NOFA-NY field day at LIHREC. Riverhead, NY. 9/1/09. 2-hr session. 20 participants.

Ozone Occurrence and Impact on Plants on Long Island. Presentation for ozone workshop for high school science teachers. 8/19/09.

Organic Gardening and Companion Planting. NOFA-NY Organic Field Day. Riverhead, NY. 5/17/09. 2-hr Informal discussion session. About 12 participants.

Vegetable Diseases and Tips on Management in the Home Garden. Riverhead, NY. 3/17/09. Presentation to Cornell Gardeners.

Discussion of Disease Management and Cultural Practices for Pumpkin and Other Vegetable Crops. Riverhead, NY. 3/11/09

Cucurbit Powdery Mildew Mini-grant Project Results. Great Lakes Vegetable Working Group Annual Meeting, Geneva, NY. 2/26/09.

Greenhouse Sanitation. Greenhouse Bacterial Disease Control Workshop. Altamont, NY. 2/24/09

Greenhouse Sanitation. Greenhouse Bacterial Disease Control Workshop. Montgomery, NY. 2/23/09

What was learned in 2008 about managing powdery mildew and Phytophthora blight in PA and NY. 2009 Mid-Atlantic Fruit and Vegetable Convention, Hershey, PA. 2/3/09.

Basil Downy Mildew to Cucurbit Powdery Mildew: New and Old Diseases of Concern in 2008. 2009 Long Island Agricultural Forum, Speonk, NY. 1/9/09.

Research Results on Managing Foliar Diseases in Organically-Produced Tomato. 2009 Long Island Agricultural Forum, Speonk, NY. 1/8/09.

Managing Foliar Diseases Organically in Tomatoes and Cucurbits. In Organic Vegetable Production Session at Great Lakes EXPO. Grand Rapids, MI. 12/11/08.

Mounting Challenges to Managing Cucurbit Powdery Mildew. In Vine Crops Session at Great Lakes EXPO. Grand Rapids, MI. 12/10/08.

Cucurbit Downy Mildew. Vegetable Meeting of the Cornell Organic Program Work Team. 4 sites connected by video conference. 12/8/08.

Managing Fungicide Resistance in Selected Vegetable Crops. CCE Agriculture and Food Systems In-Service. Ithaca, NY. 11/13/08.

Update on Controlling Diseases in Cucurbits. CCE Agriculture and Food Systems In-Service. Ithaca, NY. 11/12/08.

Update on Controlling Diseases in Tomato. CCE Agriculture and Food Systems In-Service. Ithaca, NY. 11/12/08.

Cucurbit Disease Management. Vegetable Growers Twilight Meeting, Easton, PA. 9/11/08.

Organic Vegetable Disease Management Research at LIHREC In 2008. Organic Twilight Meeting, Riverhead, NY. 8/19/08.

Managing Diseases of Cucurbits And Other Vegetable Crops. 2008 Vegetable & Small Fruit Field Day, Penn State SE Research and Extension Center, Landisville, PA. 8/14/08.

Vegetable Crop Research Being Conducted In 2008. Long Island Horticultural Research and Extension Center Annual Open House, Riverhead, NY. 7/12/08.

Vegetable Pathology Research Being Conducted In 2008. Long Island Horticultural Research and Extension Center Plant Science Day, Riverhead, NY. 7/8/08.

Zucchini And Yellow Squash Powdery Mildew Resistant Variety Trials on Long Island and Other Mildew Research Results. Capital District Vegetable Growers Winter Meeting, Albany, NY. 3/13/08.

Plant Diseases and Their Management, With Focus on Diseases Of Vegetables. Master Gardener Training Program, Riverhead, NY. 3/10/08.

Pumpkin Disease Management Workshop & Discussion, Riverhead, NY. 3/25/08.

Effectively Managing Powdery Mildew and Other Diseases Challenging Cucurbit Production. Vine Crops Session at Ontario Fruit and Vegetable Convention. St. Catherines, Ontario, Canada. 2/21/08.

Where Do Biopesticides Fit on Organic Farms. Organic Session at Ontario Fruit and Vegetable Convention. St. Catherines, Ontario, Canada. 2/20/08.

What's The Latest on Phytophthora and Other Diseases. Empire State Fruit and Vegetable Expo, Syracuse, NY. 2/14/08.

Controlling Powdery Mildew in Cucurbits. Northeast Vegetable Growers' Meeting. Clarks Summit, PA. 1/22/08.

Bacterial Disease Control in Tomatoes. Northeast Vegetable Growers' Meeting. Clarks Summit, PA. 1/22/08.

Managing Phytophthora Blight and Powdery Mildew In Cucurbits. Discussion session at 2008 New Holland Vegetable Day, New Holland, PA. 1/21/08.

Update On Control of Powdery Mildew In Cucurbits. 2008 New Holland Vegetable Day, New Holland, PA. 1/21/08.

Powdery Mildew Resistant Cultivar Evaluation: Pumpkins and Squash; And Hard Rind Evaluation for Phytophthora Fruit Rot. Vine Crops Workshop at 2008 Ohio Produce Growers & Marketers Association Congress. Sandusky, OH. 1/14/08.

Control Of Powdery and Downy Mildew in Cucurbits and Managing Fungicide Resistance. Vine Crops Workshop at 2008 Ohio Produce Growers & Marketers Association Congress. Sandusky, OH. 1/14/08.

Notable Disease Developments in 2007 and Implications for 2008. 2008 Long Island Agricultural Forum, Riverhead, NY. 1/11/08.

Identification and Management of Foliar Diseases of Tomato. New England Vegetable & Fruit Conference, Manchester, NH. 12/12/07.

Challenges Of Powdery Mildew, Leaf Blights And Other Diseases. 2007 Great Lakes Fruit, Vegetable and Farm Market EXPO, Grand Rapids, MI. 12/5/07.

Vegetable Diseases and Their Management. Educational Meeting Series Dealing With Disease Control Options for Vegetable and Small Fruit Growers. Goffstown, NH. 11/19/07.

Late Blight Epidemic and Occurrence Of Other Tomato Diseases On Long Island In 2007. CCE Agriculture and Food Systems In-Service. 11/16/07.

2007 Research Results and Observations On Managing Cucurbit Diseases. CCE Agriculture and Food Systems In-Service. 11/16/07.

Results Of Vegetable Pathology Research Conducted on Long Island In 2007.

Long Island Horticultural Research and Extension Center Annual Summer Twilight Meeting for Vegetable Growers, Riverhead, NY. 8/28/07.

Vegetable Pathology Research Being Conducted In 2007. Long Island Horticultural Research and Extension Center Annual Plant Science Day, Riverhead, NY. 7/10/07.

Vegetable Pathology Research Being Conducted on Long Island, NY. Great Lakes Vegetable Worker Group annual meeting, Leamington, Ontario, Canada. 2/28/07.

Getting Ready for Phytophthora, Powdery Mildew and Downy Mildew In Cucurbits. Capital District Vegetable Growers Winter Meeting, Albany, NY. 2/27/07.

Adapting To Change - Managing Powdery Mildew Successfully. Empire State Fruit and Vegetable Expo, Syracuse, NY. 2/15/07.

What We Have Learned About Managing Phytophthora Blight. Empire State Fruit and Vegetable Expo, Syracuse, NY. 2/14/07.

Vegetable Disease Management Update. LICA Vegetable Grower Meeting, Riverhead, NY. 2/6/07.

Cucurbit Pest Management. Workshop on Organic Insect and Disease Management for Vegetables held during the NOFA-NY Annual Conference, Syracuse, NY. 1/26/07.

What Was Learned in 2006 About Managing Vegetable Diseases. 2007 Long Island Agricultural Forum, Riverhead, NY. 1/19/07.

Potato Disease Management Update. 2007 Long Island Agricultural Forum, Riverhead, NY. 1/18/07.

Managing Cucurbit Powdery Mildew. 2007 New Holland Vegetable Day, New Holland, PA. 1/15/07.

Managing Phytophthora Blight in Pumpkin. 2007 New Holland Vegetable Day, New Holland, PA. 1/15/07.

Organic Fungicides: What Is Available and How Have They Performed. Organic Vegetable and Small Fruit Meeting, Goffstown, NH. 12/6/06.

How Should Organic Growers Manage Disease Problems? Organic Vegetable and Small Fruit Meeting, Goffstown, NH. 12/6/06.

2006 Research Results and Observations on Managing Foliar Diseases in Organic Tomatoes and Phytophthora Blight In Pepper. Cornell Agriculture Production In-service Week, Ithaca, NY. 11/10/06.

2006 Research Results and Observations on Managing Powdery Mildew and Phytophthora Blight in Cucurbits. Cornell Agriculture Production In-service Week, Ithaca, NY. 11/10/06.

Controlling Powdery Mildew with Biocompatible Pesticides, Can It Be Done?
Empire State Fruit and Vegetable Expo, Syracuse, NY. 2/14/06.

Managing Mildew. 2006 Mid-Atlantic Fruit and Vegetable Convention, Hershey, PA. 1/31/06.

Vegetable Diseases: Observations and 2005 Research Results. Vegetable Session, 2006 Long Island Agricultural Forum, Riverhead, NY. 1/20/06.

Vegetable Diseases on LI Farms and Management Recommendations.
Alternative Ag Session, 2006 Long Island Agricultural Forum, Riverhead, NY.
1/19/06.

Observations From Organic Vegetable Farms Visited in Pennsylvania and Maine. Alternative Ag Session, 2006 Long Island Agricultural Forum, Riverhead, NY.
1/19/06.
