

The Engineering Technology Department in the College of Engineering at California State Polytechnic University, Pomona (Cal Poly Pomona) invites applications for one tenure-track positions at the rank of Assistant Professor to begin winter 2016.

The Position: The successful candidate will have primary expertise in Mechanical Engineering, with skills and interest in the application to mechanical engineering technology practice. Responsibilities include teaching undergraduate courses, advising students, conducting research, and providing service to the department, college and university. Candidates must be able to effectively teach theory as well as develop innovative lab projects. Successful candidates will help with the enhancement of research and teaching laboratories, and other curriculum development.

Minimum Qualifications:

- A Ph.D. in mechanical engineering or a closely-related field at the time of appointment (June 30, 2015).
- Excellent written and oral communication skills.
- Demonstrated commitment to working with diverse student and community populations.

Preferred/Desired Qualifications:

- Additional professional experience, teaching experience, and/or P.E. license.
- Preferable expertise in: (a) I.C Engine, Thermodynamics, and Heat Transfer. (b) Fluid Mechanics, Hydraulic, and Machine Design.
- Demonstrated ability in applied research and in developing industry contacts.
- Demonstrated ability in teaching, developing and supporting Engineering Technology laboratories.
- Demonstrated ability to be responsive to the educational equity goals of the university and its increasing ethnic and international character.

The position is open until filled. First consideration will be given to completed applications received no later than May 31, 2015. Early response is encouraged. Please address all nominations, inquiries, requests for application forms, and application materials to:
