FALL 2015 ENROLLMENT INFORMATION

Remember, YOU are responsible for the accuracy of your own official schedule.

COURSE ENROLLMENT:
Your OFFICIAL FALL 2015 COURSE SCHEDULE is available via the Student Center at: http://studentcenter.cornell.edu. Please review your schedule very carefully, paying particular attention to grade options (S/U or LET), credit hours, and enrollment in attached sub-courses (labs & sections).

Changes to classroom assignments or meeting times will be reflected on the class roster in the Student Center, or on the web at http://registrar.sas.cornell.edu/courses/roster/FA15/. The online Course and Room Roster is refreshed nightly and thus does not immediately reflect course or classroom changes. Always confirm your schedule in your Student Center account. Please verify your local and home address so you will receive important mailings such as registration information, grades and graduation information.

CHANGES TO COURSE ENROLLMENT:
Changes to your official schedule will be made primarily by using the online add/drop system available through Student Center. You will still need to use the Cornell University paper add/drop forms available in any Registrar Office for courses flagged “By Permission of Instructor,” and for other exceptional circumstances. Completed paper add/drop forms, with required approvals, should be submitted to the Engineering Registrar's Office (158 Olin Hall) for processing before the deadlines outlined on the reverse side of this sheet. Please keep the following in mind when using paper add/drop forms:

INSTRUCTIONS FOR USING THE PAPER ADD/DROP FORM:
- You do not need ADVISOR APPROVAL during the 15 day add period if your advisor allows you online access to course enrollment.
- DEPARTMENTAL APPROVAL is REQUIRED for most transactions (adds, drops, and changes).
- PRINT all information neatly and legibly.
- CHECK all 4 to 5 digit Class Identification Numbers (CID) with the Fall 2015 Course and Room Roster, or in the Student Center class search screen. These numbers change each semester for all courses and are extremely important.
- INCLUDE credit hours especially for variable credit courses.
- If ADDING or DROPPING an entire course, be sure to include all sub-courses (labs & sections) on the form.
- Make a mistake? Cross out the entry and go to the next line ... use additional forms if necessary.
- BRING completed and approved forms to the Engineering Registrar's Office in 158 Olin Hall for processing.
- KEEP your pink (date stamped) copy of the add/drop form as proof of your schedule changes.
- CONFIRM the changes online via the Student Center. Enrollment updates are immediate.

Students are required to confirm their class schedules throughout the semester via the Student Center. This will ensure that your semester grade report will include all of the courses you’re attending, with appropriate grade options and credit hours. If your schedule is incorrect you may not receive credit for a course you're attending, or you may receive an “F” grade for a course you never attended. Remember, view your courses on the Student Center - it only takes a moment and it may save you a lot of aggravation later!
**IMPORTANT DATES AND DEADLINES FOR FALL 2015**

**MON, 8/17/15**  
First day to determine REGISTRATION STATUS and verify course enrollment for FALL 2015 on Student Center at [http://studentcenter.cornell.edu](http://studentcenter.cornell.edu).
