Switching Sections

Laboratory sections can only be changed if the following conditions are met:

1. You find a “partner” in the desired lab section to swap with. (Consult the bulletin board near Rhodes 103 to find possible partners).
2. BOTH of you meet with Nanette Peterson (Rhodes 103) to implement the switch.
3. In that meeting, Nanette will give you this signed form to present to your new TA.
4. Please email your TAs (cc Prof. Louge MYL3) to let them know that you are leaving/joining a section.

Copy for student 1:

The student _______________ originally in the __________ section
has switched with _______________ and now belongs to the ________ section.

Signature of Nanette Peterson:

Copy for student 2:

The student _______________ originally in the __________ section
has switched with _______________ and now belongs to the ________ section.

Signature of Nanette Peterson Peterson:
