

Spring 2017 Program
Cornell University Child Care Grant Subsidy for Undergraduate & Graduate/Professional Students
Information and Eligibility Guidelines

The objective of this grant subsidy is to make it available to as many Cornell students with child care expenses as possible.

How Does the Program Work?

Cornell University's Child Care Grant Subsidy Program for Students is designed to assist Cornell University students with covering the costs of eligible childcare, including infant and toddler child care, pre-school/pre-k day care, summer camp programs for school age children, and before/after school care. The Spring 2017 application cycle is designed to support students with families whose eligibility may have changed since Fall 2016 and now find themselves in situations where they would be eligible for the grant program. Students can receive one taxable grant subsidy each year (either Fall or Spring) based on the grant funds available, their annual household income and the age and number of child(ren) in care.

In the spirit of meeting the objective of serving as many Cornell students as possible, and given the finite pool of funds available, awards will be made to all applicants who meet the eligibility criteria, though the amount awarded may be less than the maximum indicated for the following categories depending on the number of eligible students. Award amounts for Spring 2017 are:

1. Infant/Toddler/Preschool award: maximum of \$1,950.00
2. School-Age award: maximum of \$1,300.00
3. Summer camp for school-age child(ren) award: maximum of \$500.00

There is a maximum award of \$5,000 per household for families with more than one child in care.

Who is eligible?

Note: If your spouse or partner is employed by Cornell as a benefits-eligible employee, you are not eligible for the student grant. In this circumstance, if you are interested in a grant, please apply for the faculty/staff grant program. The intention of this grant is to provide students with assistance towards their childcare costs so that they can attend to their academic responsibilities.

To be considered for the child care grant subsidy for students, you must meet the following criteria:

1. Have not received a Cornell University Child Care Grant Subsidy Program in Fall 2016 for 2016-17. If you have received funding, you will be eligible again next Fall 2017.
2. Be enrolled as a full-time student in a Cornell University degree program at the undergraduate, graduate, or professional level. Students who are not enrolled full-time, but are actively pursuing research or completing a dissertation, may be eligible for the grant if their academic pursuit equates to at least half-time enrollment.
3. Be the custodial parent or legal guardian of a child 13 years or younger (or older, if the child has disability-related special needs) during the academic year. The child(ren) must reside full-time in your local residence while you are completing your academic program in Spring '17.
4. If you will be adding a child to your family (through birth or adoption), you are eligible to apply once you have the child and childcare is in place. If this takes place during Summer 2017, your grant will be considered based on funds available. When you know that you will be adding to your family after the grant deadline, you are encouraged to talk with Marie Roller.
5. Be unmarried or, have a spouse/partner who is:

- a. Employed and/or enrolled in an educational program full-time (over 35 hours per week).
 - b. If unable to be employed due to visa status, spouse must be enrolled in a minimum of 15 hours of educational programs.
 - c. A statement verifying enrollment from the institution or employer is required.
 - d. If employed 20-35 hours per week, the application will be considered on a pro-rated basis.
 - e. Considered legally disabled.
6. Demonstrate financial need for this subsidy. Family Adjusted Gross Income (AGI), as per FAFSA or FAFSA worksheet, must be under \$67,000 to be eligible.
 7. Utilize child care services to pursue your educational program.
 8. Incur child care expenses from services that are defined as legal care. Legal care is defined as care where you are paying the provider and the provider is claiming that income on their US/NYS taxes.
